DECLARATION

Sir:

This Declaration is in response to the Notice mailed on
December 7, 1993.

ok
We, Walter Chiou, a citizen of the United States of
America, residing at 681 Interlaken Lane, North Babylon, New
York and Richard C. Augeri, a citizen of the United States
of America, residing at 87 Munson Avenue, W. Hempstead, New
York, declare:

1. That we made and conceived the invention described
and claimed in patent application Serial No. 08/154,733
filed in the United States Patent of America on November 19,
1993 entitled "Gamma Ray Imaging System";

2. That we made and conceived this invention while
employed by AIL Systems, a subsidiary of Eaton Corporation,
Deer Park, New York 11729; that the invention is related to
the work we were employed to perform and was made within the
scope of our employment duties; that the invention was made
during working hours and with the use of facilities,

equipment, materials, funds, information and services of AIL Systems, Inc.;

3. That to the best of our knowledge and belief the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

The undersigned inventors declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
